

# PDF Signer — Privacy Policy

Your privacy is our top priority. We keep it simple.

Effective Date: April 13, 2026 · profitfirstllc.vercel.app · profitfirstllc@gmail.com

---

## 1. Overview

PDF Signer ("the App") is developed and operated by Profit First LLC. This Privacy Policy explains how we handle information when you use our iOS application. We built PDF Signer with a privacy-first philosophy: the App works entirely on your device and does not collect, transmit, or share your personal data.

## 2. Information We Collect

We do not collect any personally identifiable information (PII). Specifically:

### Data stored on your device only

- Documents you import and sign are processed entirely on-device and never uploaded to our servers.
- Signed PDF files are saved to your device's local storage (Documents directory).
- Your subscription status (Free or Pro) is stored locally via UserDefaults.

### Purchase data (via RevenueCat)

When you subscribe to PDF Signer Pro, the transaction is processed by Apple's App Store. RevenueCat, our subscription management provider, receives anonymized purchase receipt data to verify your entitlements. RevenueCat does not receive your name, email, or payment details. Please review RevenueCat's Privacy Policy at [revenuecat.com/privacy](https://revenuecat.com/privacy).

## 3. How We Use Information

The limited technical data we receive is used solely to:

- Verify your Pro subscription status and unlock premium features.
- Provide customer support when you contact us.

We never sell, rent, or share your information with third parties for marketing purposes.

## 4. Data Storage & Security

All PDF documents, signatures, and app data remain on your device at all times. We do not operate servers that store your documents. Your data is only as secure as your device — we recommend enabling device encryption (Face ID / Touch ID) for maximum protection.

## 5. Third-Party Services

The App integrates with the following third-party services:

- Apple App Store — processes subscription payments. Apple's Privacy Policy applies.

- RevenueCat — manages subscription entitlements (anonymized data only).

We do not integrate with analytics platforms, advertising networks, or social media SDKs.

## 6. Children's Privacy

PDF Signer is not directed at children under 13. We do not knowingly collect information from children. If you believe a child has provided us with personal data, please contact us immediately at [profitfirstllc@gmail.com](mailto:profitfirstllc@gmail.com).

## 7. Your Rights

Since we do not collect personal data, there is typically nothing to request, correct, or delete. If you have subscribed to Pro and wish to cancel, you may do so via your Apple ID subscription settings. For any privacy concerns, contact us at [profitfirstllc@gmail.com](mailto:profitfirstllc@gmail.com).

## 8. Changes to This Policy

We may update this Privacy Policy from time to time. When we do, we will update the effective date above and, if changes are material, notify you through the App. Continued use of the App after changes constitutes acceptance of the updated policy.
